PUREMEDITECH SDN BHD

WATER SOFTENER SALT

The Puremeditech Water Softener Salt products are specially formulated from Pharma Grade ultra pure vacuum salt. The ideal shaped salt tablets via high pressure compactor from flawless brine solutions during resin regenerations, prevent bridging and mushing in the brine tank. It is preferred water softener salt used for both pharmaceutical and medical appliances with efficient and problem-free operations.

Technical Specifications

INGREDIENTS :	
NaCL	≥ 99.5 %
Insolubles	≤ 0.05 %
Heavy Metal	≤ 2.0 PPM
Ca2 + Mg2+	≤ 25.0 PPM
Additive	None

Physical Specification

Product Form

Round tablets with $\varnothing 25 \times 15 \text{ mm}$
Crush < 2%

Density

1100 kg/m³

Applications

Suitable for different water softeners in pharmaceutical and medical compliances.

Storage Conditions

Please store in dry and cool place

Shelf Life

3 years after production date

Manufactured by: PUREMEDITECH SDN BHD (883527-V)
